## Hydration

Purify all drinking water with Auro Liquid Gold. It even inactivates and agglomerates fluoride which is rare. These simple drops structure water to a high degree of order and vibration.

## Food

Consume food in a low state of entropy and high state of order. This is mainly raw, warm, unprocessed organic foods. Cooking raises entropy and destroys essential digestive enzymes and other nutrients.

## Vitamins and Minerals

If there is a VITAMIN TABLE (Q#) or Mineral Indicators on the Lab Results, use Patchaid transdermal patches. Nutrients absorb directly into the blood. Ingesting vitamins may not absorb well.

## Orgone Life Energy

Cleanse harmful energies produced by electromagnetic pollution that deteriorate the body, and imbalance the mind and spirit. The Orgone Chi Generator is a tool like no other.

## Follow-up Diagnosis

For best results, we recommend a follow-up Lab Test within 3 to 6 months of embarking on this Detox. It is Phase 1 of biofield balancing. Phase 2 is regeneration.

## H2O2 Eye Drops

To make the eye drop solution, add 10 drops of hydrogen peroxide 3% (food grade) to 30ml of distilled water in a glass dropper bottle. The drops may sting at first due to the oxidizing reaction hydrogen peroxide can have with inflamed tissues, bacteria and other microorganisms. The extra oxygen serves to oxidize pathogens, reduce inflammation, increase circulation and many other processes that lead to a restoration of eye health.

## FREQUENTLY ASKED QUESTIONS

HEAL YOURSELF

### Can I really heal myself by doing certain cleanse protocols and changing what I eat?

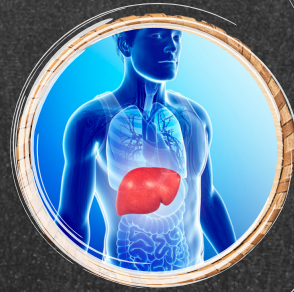

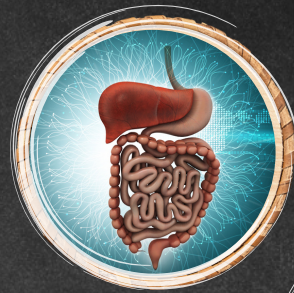

Yes, absolutely! The human body possesses an innate ability to regenerate. Trillions of cells are replaced everyday inside and on our bodies as part of this perpetual microscopic regeneration. When the body is overloaded with toxins then these regenerative functions can diminish and even stop. These toxins include parasites, heavy metals, plastics, pharmaceuticals, pesticides, chemicals, electrosmog and many more.

### I thought infections went away after I felt better, is this not the case?

For some parasites, their action can be acute and/or chronic. We have discovered that they behave in a way to preserve their survival and are very resilient. Consequently, to fully eliminate parasites, it is essential to incorporate longer term cleanse protocols and lifestyle practices geared towards subtle, perpetual detoxification such as going for an infra-red sauna instead of having a coffee at Starbucks.

### Is it possible to feel worse during these cleanses?

Yes, this is known as a Herxheimer Reaction. It is a short-term (from days to a few weeks) detoxification reaction of the body. As the body detoxifies, it is not uncommon to experience flu-like symptoms including headache, joint and muscle pain, body aches, sore throat, general malaise, sweating, chills, nausea or other symptoms.
