potential**

170
disease
models

**essentially every organ
of the human body
benefits from H₂**

**Although the research is early, the 3000+
scientific studies including over 200
clinical studies suggest that H₂ has
therapeutic potential in over 200 different
human and animal disease models.**

BIOREZ

Benefits of H₂ Therapy

HYDROGEN IS AN INTEGRAL BUILDING BLOCK OF TISSUES AND BIOLOGICAL STRUCTURES. SUPPLEMENTING WITH H₂ INHALATION AND HYDROGEN WATER HAS BEEN SHOWN TO EXTEND LIFESPAN, LOWER RISK FOR DISEASE, AND A WHOLE HOST OF PROFOUND BENEFITS.

HYDROGEN INHALATION IS DEEPLY RELAXING AND CONTRIBUTES TO FALLING ASLEEP FASTER AND SLEEPING MORE DEEPLY.

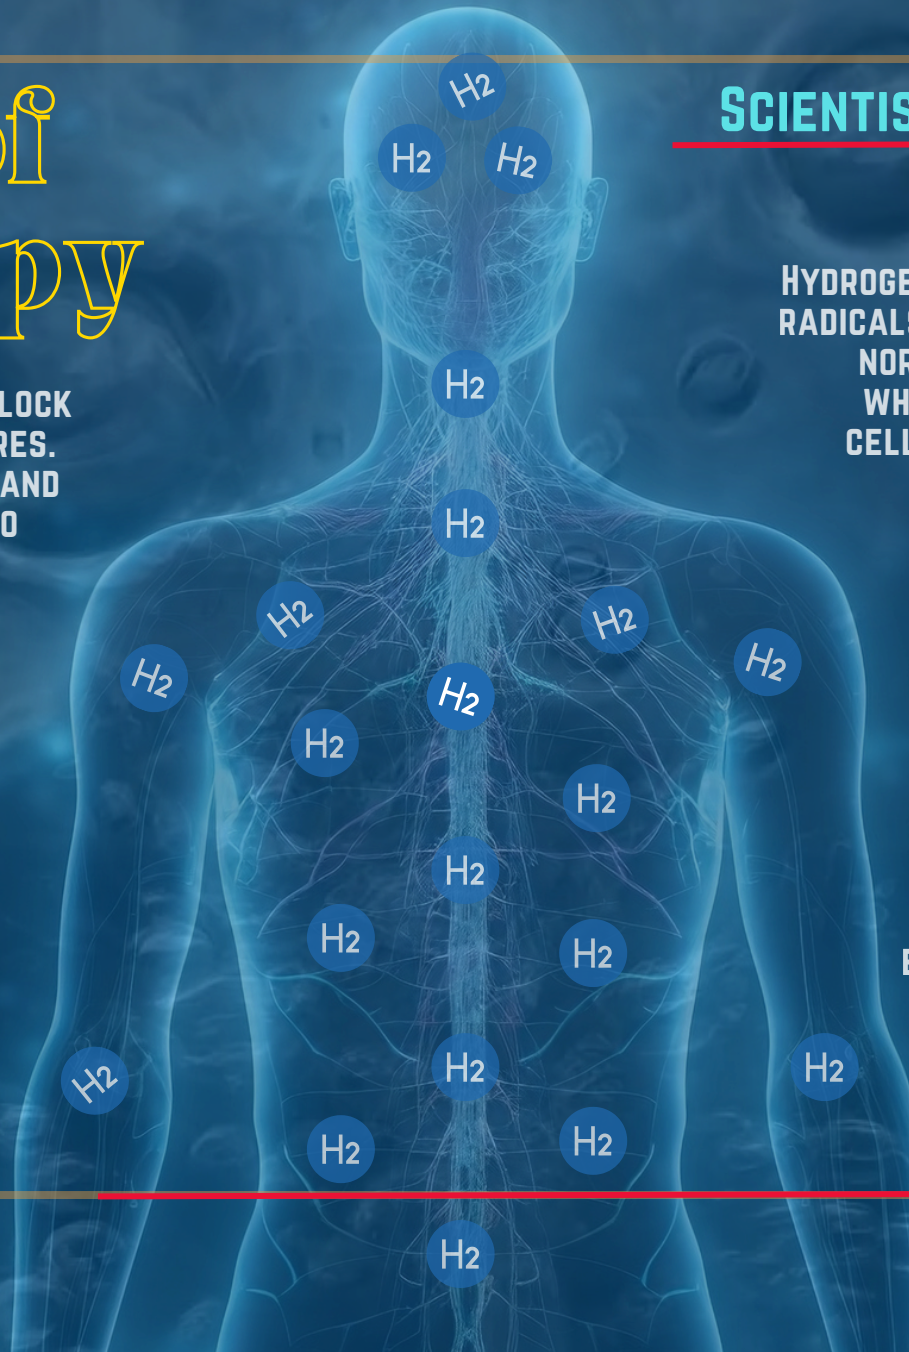

HYDROGEN HAS BEEN CLINICALLY SHOWN TO RESOLVE OPHTHALMOLOGICAL DISEASES.

SCIENTISTS FOUND THAT HYDROGEN IS A “SELECTIVE ANTIOXIDANT”

HYDROGEN MOLECULES CAN NEUTRALIZE HYDROXYL RADICALS AND PEROXYNITRITE WITHOUT AFFECTING NORMAL PHYSIOLOGICAL FREE RADICALS WHICH IN EXCESS WILL ATTACK NORMAL CELLS AND DAMAGE PROTEIN STRUCTURES LEADING TO INFLAMMATION.

WITH FURTHER RESEARCH, SCIENTISTS FOUND THAT HYDROGEN DECREASES THE LEVEL OF INFLAMMATORY FACTORS AND OXIDATIVE STRESS.

HYDROGEN GIVES YOUR CELLS DIRECT ENERGY TO ACCELERATE AND ENHANCE MITOCHONDRIAL ATP PRODUCTION.

diabetes, hyperlipidemia,
obesity, joint diseases,
osteoporosis, osteonecrosis

BIOREZ

H2GEN-1800

The GENERATOR that re-generates health and vitality

Introducing a dependable hydrogen-oxygen generator that delivers exceptional purity and boasts adjustable flow rates of up to 1800 ml/min.

Designed with users of all ages in mind, this generator combines functionality with elegance, featuring a sleek glass touchscreen and a clear, easy-to-read display. Experience the perfect blend of innovation and ease of use in this essential device.

LONG-LIFE ELECTROLYZER **8000+ hours**

Iridium Coating to prevent corrosion and extend life

HIGH FLOW RATE

As supported by the scientific studies on major diseases

MEDICAL- GRADE POWER SUPPLY

Safe & Ultra-efficient

BIOREZ
BIOREZ

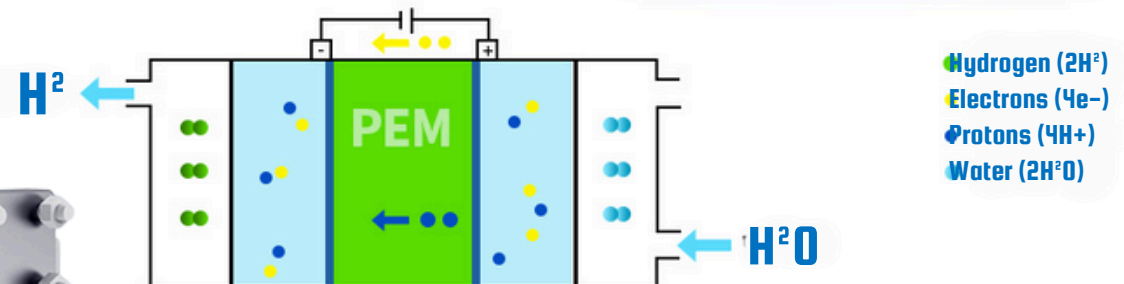

What is the H2GEN-1800 ?

The H2GEN-1800 is the result of years of research into the efficient and safe production of ultra-pure hydrogen using a high-quality **proton exchange membrane electrolyzer**.

This type of anode electrolysis does not use lye or other chemicals. The electrolyzer plates are composed of iridium-coated titanium. This ensures a longer life of hydrogen generation.

Water passes through the proton exchange membrane and hydrogen ions are separated from the water.

HQ Electrolyzer

Hefty Water Tank

2.5 litre capacity will ensure longer continuous use without the need to re-fill

Multiple Therapies

NASAL THERAPY

EYE THERAPY

EAR THERAPY

COMBO THERAPY

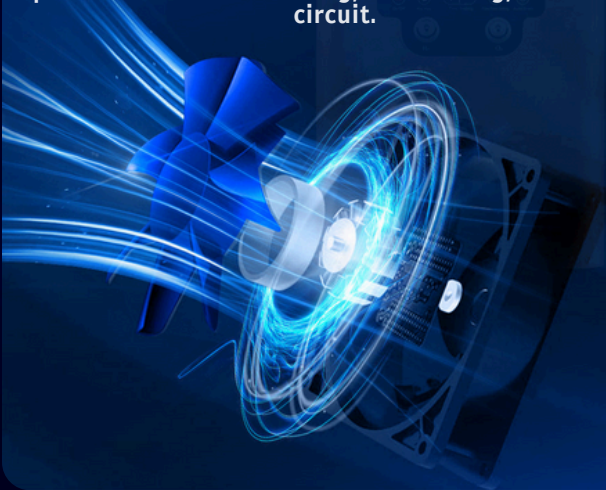

HYDROGEN-RICH WATER

Features of the H2GEN-1800

Temperature Control System

Real-time monitoring of the generator's internal temperature. After 8 hours of continuous use, the temperature is stable at 40 C +/- 2 C.

Advanced temperature control algorithm with protection for overheating, overcooling, and short circuit.

Smart Touch Panel

Large screen display, no complicated buttons or operations. Easy for the elderly and handicapped to use.

Convenient Handle

The handles are located on both sides of the generator. Easy to lift and put down.

Aerospace Aluminum Alloy Shell

Durable and resistant to high temperature and pressure. Aluminum has strong heat dissipation properties as well.

TDS Water Quality Monitoring

Real-time detection and monitoring of total dissolved solids in the water.

MORE FEATURES

Factory Voltage

1.8 volts plus low voltage cooling results in the extension of the generator and improves the safety and durability.

High-Quality Electrolyzer

Ensure high efficiency and stable hydrogen production. Energy consumption is reduced, and hydrogen purity is increased.

Medical-Grade Power Supply

Strictly follows the medical industry standards and safety requirements to ensure the stable and safe operation of the generator.

TDS Water Quality Testing

Monitors the source water for impurities and microorganisms. This ensures high purity of hydrogen produced.

TYPICAL APPLICATIONS

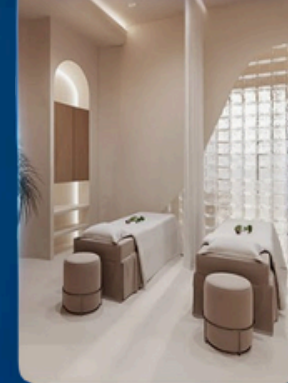

Home/Healthcare

Hotel/Vacation

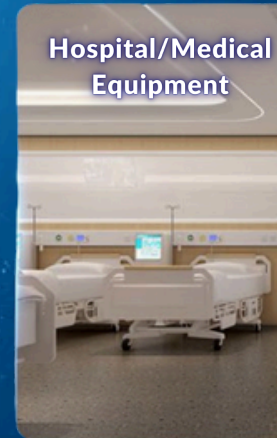

Spa/Beauty Center

Gym/Sports

Hospital/Medical Equipment

Rehabilitaion Center / Nursing

HARDWARE

Hydrogen Generator

Nasal Cannula (2)

Ear Cannula

Goggles

Drain Tube

Moisture Collector

Power Cable
Type A or C

Water Bubbler

Y Connector

BIOREZ

TECHNICAL SPECIFICATIONS

24 MONTH ELECTROLYZER WARRANTY

VOLTAGE:	110/220 VAC 60/50 Hz
POWER:	500 W Max
DIMS:	32 x 21 x 38 cm
WEIGHT:	11 Kg
FLOW RATES:	H2 -> 1200/1000/600/400 O2 -> 600/500/300/200
H2 CONCENTRATION:	99.996%
ELECTROLYTIC MODE:	Anode Water Electrolysis
WATER SOURCE:	Purified or Distilled (< 5 TDS)
ELECTROLYZER TYPE:	Dupont SPE-PEM Iridium H2 Concentration after 8000 hours: 92%

Proven Tek for Longevity & Prosperity

consistently positive patient reported outcomes

overwhelming clinical studies of restorative function
